

Mad For Plaid Christmas Cards

I know what you are saying.... It's only September!! But why not get a head start and a few new ideas for this year's Christmas cards using this classic line from Photoplay Paper! With the colours and patterns in this line, these cards are great for guys too. Which is always a challenge! You will create 5 cards using various embossing folders, dies, stamps and more! We will also make a matching gift card holder which was created using the We R Memory Keepers envelope board. Everything in this class is pre-cut and ready to assemble. You just put together the cards with some helpful tips and ideas! This class is great for either the beginner or experienced card maker. You will learn how to create fun layered cards without a lot of work! Please bring your preferred adhesive to class including foam tape or pop dots and double-sided tape (we prefer sookwang). All other supplies are included.

Instructor: Diane Henderson

Class Fee: 28.00

Thursday September 13th: 6:30pm-8:30pm

Simple & Sweet Layouts

We are not ready for summer to be over! Join me for a class using the Pinkfresh Studios, Simple & Sweet collection and hang onto summer just a little longer. In this class we will create 4 traditional 12x12 scrapbook layouts – a double page layout and two singles. We will dabble with mists, explore using black as a contrast colour, and play with ephemera (sometimes called die cuts). Ephemera are the hottest trend in scrapbooking right now and during this class you will see why they are so much fun! Please bring the adhesive of your preference and a paper trimmer to the class. All other supplies are included.

Instructor: Brande Davidson

Class Fee: 28.00

Saturday September 15th: 10am-12pm

Celebrate Autumn Layouts

Back to school, leaves turning amazing shades of orange, and pumpkin spice.....all things we love about autumn! Join me for a fun class that is all about celebrating this time of year.

Even if this is not your favourite season, the adorable hedgehog and raccoon from the Echo Park "Celebrate Autumn" collection will have you excited to create fall inspired pages! In this class we will create 4 traditional 12x12 scrapbook layouts – a double page layout and two singles. We will play with twine to create textured embellishments on our pages and we will be using a paper ripping technique on our double page layout. There will also be some journal stitching...my favourite! Please bring the adhesives of your preference (both a tape and liquid adhesive), a paper trimmer, foam dots or tape, a journaling pen and scissors to the class. All other supplies are included.

Instructor: Brande Davidson

Class Fee: 28.00

Thursday September 20th: 6:30pm-8:30pm

Elegant Christmas Cards

Join me for this festive card class featuring various die cuts layered with patterned paper and mirrored and shimmer paper for some added bling! This class features dies from Spellbinders, Sue Wilson, Penny Black and more. We will create 4 elegant Christmas cards to kick start your holiday card making this year! Please bring adhesives including foam dots or foam tape and double-sided tape (we prefer sookwang). All other supplies are included.
